F&W Commission Adopted

These regulations are adopted under the authority granted to the Fish & Wildlife Commission (F&W Commission) in MCA 87-1-301 and are valid March 1, 2016, through February 28, 2017. These regulations were adopted by the F&W Commission on February 11, 2016. The F&W Commission reserves the authority to amend the seasons, limits and regulations herein if deemed necessary for wildlife management purposes. M. Jeff Hagener, Director.

Discrimination Prohibited –State and Federal laws, Title VI of Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, and Title IX of the Education Amendments of 1972, prohibit discrimination on the basis of race, color, sex, age, religion, national origin, or disability. Anyone believing he or she has been discriminated against (as described above) in any Fish, Wildlife & Parks (FWP) program, activity, or facility may write to FWP Human Resources, 1420 East Sixth Avenue, PO Box 200701, Helena, MT 59620-0701 or the office of Equal Opportunity, U.S. Department of the Interior, Washington, D.C. 20240.

What's New? Highlights

- Hunters must purchase a base hunting license, in addition to their conservation license, as prerequisites to apply for or purchase a hunting license.
- Hunters must purchase a General Deer License to apply for a Deer Permit by March 15.
- Antlerless Elk Permits, valid for antlerless elk, will be available in some regions and must be used with a valid General Elk License. These permits do not allow hunters to take a second elk.
- The Fish and Wildlife Commission has approved shoulder seasons in 43 hunting districts. For more information see page 116.

Reminders for 2016

- Two-day youth only deer hunting season is October 20 and 21.
- A youth who is currently 11 but will reach 12 years of age by January 16, 2017 is eligible for some fall hunting opportunities offered to youth ages 12-15 (see pages 110-111).

Youth Hunter:

- An **Apprentice Hunter** is a resident or nonresident, 10-17 years of age, certified at an FWP office. This allows the youth to hunt some species, while accompanied by a mentor, without first completing a hunter education course. The apprentice hunter may not apply for a bighorn sheep license or a hunting license or permit with a limited quota. Other restrictions apply. See our website for details at <http://fwp.mt.gov/hunting/licenses/all/apprenticeHunter/default.html>
- A resident or nonresident **youth 12 years of age or older** may hunt any game species for which their license is valid. Those who will reach 12 years of age by January 16, 2017 may hunt any game species, for which their license is valid, after August 15 of the 2016 license year. Proof of hunter education must be presented at the time of purchase.
- The deadline to purchase all Super Tag chances is June 30.
- License Discount Opportunities, see page 110.
- Game Damage Hunt Roster Rules, see page 106.

Laws and Regulations

These regulations contain information to safely and legally participate in Montana's Antelope, Deer, and Elk hunting opportunities.

Hunters who hunt legally and responsibly keep Montana's hunting traditions alive.

Don't risk losing the privilege of hunting in Montana.

**Be Safe
Be Legal
Be Responsible!**

General Regulations

It is illegal to:

- "Party" hunt. Each hunter must shoot and tag his/her own animal.
- Use a license issued to another person.
- Carry or have physical control over a valid and unused hunting license or permit issued to another person while in any location where the species to be hunted occurs. Exception: a person may carry or have control over a license or permit issued to that person's spouse or any minor when the spouse or minor is hunting with that person.
- Alter a license or permit for any reason.
- Post, place signs or mark state or federal land other than that done by a state or federal land agency.
- Interfere/hinder with the lawful taking of a game animal.

Antler/Horn/Skull Possession

Individuals may possess, transport, sell, or purchase naturally shed antlers, or the antlers with a skull or portion of a skull attached from a game animal that has died from natural causes and that has not been illegally killed. Carcasses and parts of elk, deer, antelope and moose killed in vehicular collisions may be taken and possessed but only with a Vehicle-Killed Wildlife Salvage Permit. No other game animals may be salvaged by this permit. **It is illegal to possess a bighorn sheep head/horn picked up in the wild.**

Check Stations

All hunters and anglers are required by law to stop as directed at all designated check stations on their way to and from hunting and fishing areas, even if they have no game or fish to be checked.

Chronic Wasting Disease (CWD)

- CWD has not been detected in free-ranging deer, elk, or moose in Montana.
- As of October 2015 and because of concerns about the introduction of Chronic Wasting Disease (CWD), the following states and

provinces have instituted regulations prohibiting the import of certain deer, elk, or moose carcass parts: the states of Alaska, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, Iowa, Florida, Georgia, Illinois, Indiana, Kentucky, Maine, Maryland, Massachusetts, Michigan, Minnesota, Missouri, New Hampshire, New Mexico, New York, North Carolina, North Dakota, Ohio, Oregon, Pennsylvania, Rhode Island, South Carolina, Tennessee, Utah, Vermont, Virginia, Washington, West Virginia, Wisconsin, Wyoming, and the provinces of Alberta, British Columbia, Manitoba, Nova Scotia, Northwest Territories, Ontario, Quebec, and Yukon. For regulations on importing, please contact those state or provinces natural resource agencies.

- Questions concerning carcass transport may be directed to FWP Enforcement at 406-444-2452 or to your home state's wildlife division.
- It is unlawful to transport into Montana the whole carcass or certain carcass parts of white-tailed deer, mule deer, moose or elk from states or provinces with documented occurrences of CWD in wild populations or on private game farms. Those states and provinces currently include Arkansas, Colorado, Illinois, Iowa, Kansas, Maryland, Michigan, Minnesota, Missouri, Nebraska, New Mexico, New York, North Dakota, Ohio, Oklahoma, Pennsylvania, South Dakota, Texas, Utah, Virginia, West Virginia, Wisconsin, Wyoming, and the Canadian provinces of Alberta, and Saskatchewan.
- Only the following carcass parts may be transported into Montana from the states listed above:
 - Meat that is cut and wrapped.
 - Quarters or other portions of meat with no part of the spinal column or head attached.
 - Meat that has been boned out.
 - Hides with no heads attached.
 - Clean (no meat or tissue attached) skull plates with antlers attached.
 - Antlers with no meat or tissue attached.
 - Upper canine teeth, also known as "buglers", "whistlers" or "ivories".
 - Finished head, partial body or whole body mounts already prepared by a taxidermist.
- Keep in mind that "Evidence of Sex Requirements" must always be met when transporting any of these parts into Montana.

Furbearer Traps

- It is illegal to disturb traps or trapped animals. Traps and trapped animals are the property of the trap owner.
- Hunters may not shoot trapped animals.

Glandular Scents

- Natural or artificial glandular scents may be used by licensed hunters to attract game animals or game birds by spraying or pouring the scent on the ground or other objects.
- Hunters may not create a scent station where the scent continues to be dispensed without the hunter's direct action, such as an automatic device, which drips or otherwise continues to dispense scent.

- No scents other than glandular may be used for attracting animals, but other scents may be used to mask human odor.

Hunting Hours

Authorized hunting hours for the taking of big game animals begin one-half hour before sunrise and end one-half hour after sunset each day of the hunting season. See the official Sunrise-Sunset Tables listed on page 119.

Hunter Orange Requirement

Firearm Hunters

Any person hunting or accompanying a hunter as an outfitter or guide must wear a minimum of 400 square inches of hunter orange (fluorescent) material above the waist, visible at all times (see exception below).

Archery Hunters

A licensed bowhunter pursuing deer, elk and/or antelope during the Archery Only Season or in an archery only hunting district is not required to meet the hunter orange requirement, even if there is a concurrent firearm season in that hunting district or portion of district. However, bowhunters hunting during any portion of the general (firearm) season for deer, elk, antelope, moose, bighorn sheep, mountain goat, black bear, and/or mountain lion must always wear a minimum of 400 square inches of hunter orange (fluorescent) above the waist, visible at all times.

Incidental Harvest Resulting in an Illegally Taken Animal

If you or a member of your hunting party shoots an animal that results in an illegally taken animal, you should notify an FWP game warden or 1-800-TIP-MONT (1-800-847-6668) immediately and follow their instructions.

> **DO NOT** transport the animal until you've received instructions.

Inspection of Wildlife

Wildlife taken must be shown to FWP Enforcement personnel for inspection when requested.

Kill Site Verification

As a condition of hunting in Montana, if requested to do so by an FWP warden, you are required to return to the kill site.

Littering

A person convicted of littering while hunting, fishing, trapping or camping may lose his or her license and privileges to hunt, fish, trap, or camp within Montana for a period of one year.

Marked or Radio-Collared Animals

It is legal to shoot game animals that have radio collars, neck bands, ear tags and/or other markers, but markers and radio collars must be returned to FWP. Please report the killing of a marked animal to the local FWP Office.

Off-Highway Vehicle (OHV):

- Examples of an OHV include but are not limited to: motorcycles, quadricycles (also known as 4-wheelers), dune buggies, amphibious vehicles, air cushion vehicles, and any other means of land transportation deriving motive power from any source other than muscle or wind.
- In order to operate an OHV on public lands, the OHV must have a valid/current registration and

display an OHV decal.

- Nonresidents must purchase a temporary Off-Highway Vehicle Use permit from Montana FWP. The permit is \$27 and expires on December 31 of the year issued.
- OHV permits may be purchased from some FWP License Providers, some Vendors (such as a private OHV dealership) or online at app.mt.gov/als.

Outfitters and Guides

It is illegal to hire an outfitter or guide not licensed by the Department of Labor and Industry. For information, call 406-841-2300.

Party Hunting

Applying as a party does not allow the transfer of licenses. Each individual in the party must harvest their own game. See page 109 for party application specifics.

Predators and Nongame Hunting

Predators and nongame species are unprotected by federal and/or state law or regulation and can be hunted in Montana year-round without a license by both resident and nonresident hunters. A conservation license, or a state school trust lands recreational use license is required to hunt predators and nongame species on state school trust lands. Permission must be obtained to hunt predators and nongame species on private land.

- **Predators** are classified as coyote, weasel, (striped) skunk, and civet cat (spotted skunk).
- **Nongame species** are defined as any wild animal not otherwise legally classified by statute or regulation in Montana. Examples include badger, raccoon, red fox, hares, rabbits, ground squirrels, marmots, tree squirrels, porcupines, and prairie dog.
- **Furbearers** are protected game species that may only be taken by residents with a valid trapping license during prescribed open seasons. State classified furbearers include beaver, otter, muskrat, mink, marten, fisher, wolverine, bobcat, lynx, and swift fox.
- **Feral Swine** cause extensive damage to domestic and native habitats, wildlife, and livestock throughout much of the United States. To prevent the introduction of feral swine into Montana, the 2015 Legislature has prohibited the transportation, possession, and hunting of feral swine. If you see or know of any feral swine in Montana please contact the Montana Department of Livestock at 406-444-2976.

Restitution for Illegally Taken Wildlife

Under Montana law, a person convicted, or who was charged and forfeited bond or bail, of illegally killing, taking, or possessing game animals shall reimburse the state. The law sets the amount of restitution for a trophy animal under Montana law as:

Bighorn Sheep	\$30,000
Elk	\$8,000
Antlered Deer	\$8,000
Moose	\$6,000
Mountain Goat	\$6,000
Antelope	\$2,000
Grizzly Bear*	\$8,000

*no authorized hunting season

- The law specifically outlines minimum standards for a trophy under this regulation, but authorizes the F&W Commission to adopt more specific criteria.

- For the purpose of assessing restitution for illegally taken trophy wildlife under Montana law, the following are considered "trophy" animals:

– **Antelope:** With at least one horn greater than 14 inches in length, as measured along the outside curve from base to tip.

– **Elk:** Must meet all three criteria:

- 1) At least six points on one antler, 2) A main beam length on each antler of at least 43 inches, and 3) An inside spread of at least 36 inches.

OR

Any elk with at least one six-point antler and having a gross/green Boone & Crockett score of 320 points or greater.

– **Mule Deer:** Must meet all three criteria:

- 1) At least four points on one antler (excluding brow tine), 2) A main beam length on each side of at least 21 inches, and 3) A greatest inside spread across the main beams of at least 20 inches.

OR

Any mule deer with at least one four-point antler and having a gross/green Boone & Crockett score of 160 points or greater.

– **White-tailed Deer:** Must meet all three criteria:

- 1) At least four points on one antler (excluding brow tine), 2) A main beam length on each side of at least 20 inches, and 3) A greatest inside spread across the main beams of at least 16 inches.

OR

Any white-tailed deer with at least one four-point antler and having a gross/green Boone & Crockett score of 140 points or greater.

- A "point" as defined in these regulations is at least four inches long for elk and at least one inch long for deer, measured from base to tip. Boone & Crockett (B&C) measuring procedures or standards are used for criteria measurement. The official measurements for the purpose of this regulation are those that are taken at the time of confiscation or seizure of the trophy. Any B&C measurements will be considered final when taken by an official B&C scorer, regardless of drying time. If the skullcap of antlers or horns is broken in such a manner to render an official B&C score invalid, three official B&C scorers will estimate a score. The three scores will be averaged and the average score used to determine trophy status in accordance with Montana law.

Simulated Wildlife

It is illegal to discharge a firearm or other hunting implement at a simulated wildlife decoy in violation of any state statute, ARM or F&W Commission rule regulating the hunting of the wildlife being simulated.

Transport of Wildlife

- An individual other than the license holder may transport properly tagged animals that comply with the "Evidence of Sex Requirements" and that were lawfully taken by the license holder. If

you have specific questions please contact FWP Enforcement at 406-444-2452.

- All shippers of fish, game or nongame birds, game animals, fur-bearing animals, the skins of fur-bearing animals or predatory animals, or parts thereof are required to label all packages offered for shipment by parcel post or common carrier (airlines or UPS, etc.). The label must be securely attached to the address of the package and shall plainly indicate the names and addresses of the consignor and consignee and the complete contents of the package. It is a violation of the Federal Lacey Act to transport an illegally taken game animal across state boundaries.
- It is illegal to ship, possess, or take out of state illegally killed game, game-birds, and/or furbearers. If you are transporting lawfully taken wildlife (including parts and/or products of live or dead animals) between Montana and Canada or between the United States and any foreign country, whether for commercial or noncommercial purposes, you must complete a U.S. Fish & Wildlife Service (USFWS) Declaration Form 3-177. Form 3-177 is available at all United States customs ports and on the USFWS website at www.fws.gov. For further information contact the USFWS Wildlife Inspector at 406-335-4350.
- Questions concerning carcass transport may be directed to FWP Enforcement at 406-444-2452 or to your home state's wildlife division.

Hunter Land Access

Hunters, it is your responsibility to know where you are, to know who owns the land, and to know what access restrictions apply.

Fishing Access Sites

Many of Montana's fishing access sites (FAS) offer hunting opportunities, however certain restrictions may apply such as no-hunting safety zones and/or restrictions on the type of hunting weapon or firearm that may be used. Refer to the Fishing Access Site website at <http://fwp.mt.gov/fishing/whereToFish/searchFas.html> for site specific information, opportunities and restrictions.

Montana State Parks

Some of Montana's state parks provide hunting opportunities; however certain restrictions may apply such as no-hunting safety zones and/or restrictions on the type of hunting weapon or firearm that may be used. Contact the specific park and/or refer to the Montana State Park website at <http://stateparks.mt.gov> for site specific information regarding hunting opportunities and restrictions.

Off-Road Travel and Game Retrieval

- While hunting on private property, a person may not drive off established roads or trails without landowner permission.
- Off-road travel on public land, including game retrieval, is prohibited unless designated as open. Consult appropriate land agency or land map for specifics.
- All federally approved travel plans on public lands in Montana are hereby adopted by the F&W Commission.

Visit <http://fwp.mt.gov>

Private Land

- Montana law requires permission for all hunting on private land.
- Even if the land is not posted, hunters must have permission from the landowner, lessee, or their agent before hunting on private property.
- Access to public lands through private land requires permission of the private landowner, lessee, or their agent.
- See page 112 for information on FWP's Block Management Program.

Public Land

- Public lands closed to hunting include:
 - National Parks and other areas administered by the National Park Service.
 - National Wildlife Refuge lands except those areas designated open to public hunting.
- For hunting opportunities on federal lands such as U.S. Forest Service or U.S. Bureau of Land Management, inquire at the local federal office.

Railroad Access

Railroads and railroad right-of-ways are private property and may not be hunted without permission, nor should they be used as access to other lands (private or public) without explicit permission from the railroad.

State Game Preserves

State game preserves may or may not be open to hunting. See Restricted Area Descriptions.

State School Trust Lands

- A \$2 fee paid when you purchase your conservation license provides hunters, anglers and trappers access to legally accessible State School Trust Lands.
- Overnight (2 night) camping is allowed within 200 feet of a legal access point.
- Horses may not be kept on State School Trust Lands overnight.
- Motorized travel is only allowed on public roads or on roads designated as open.
- Game retrieval is by foot or horse only.
- No open fires are allowed except in designated campground fire pits.
- Firearms may not be negligently discharged within one-quarter mile of an inhabited dwelling or outbuilding without permission of the inhabitant.
- Additional information is available from FWP or contact DNRC at 406-444-2074.

State Wildlife Management Areas (WMA)

FWP's Wildlife Management Areas are generally open to hunting during the big game hunting season. WMAs with big game winter range are closed to public entry, unless otherwise posted, from the day following the end of the general deer-elk season or December 1, whichever is later, to noon on May 15 each year, as posted.

Exception: There are several exceptions to these guidelines. For WMA specific information, please call the Regional office (see page 113 for contact numbers) or visit the FWP website at:

<http://fwp.mt.gov/fishAndWildlife/wma/>

Stream Access

Big game hunting between the ordinary high water marks of streams and rivers is illegal without landowner permission.

Tribal Land

Big Game hunting by Non-Tribal members on Indian Reservations is prohibited by the State of Montana unless it is provided for in a cooperative agreement between the Tribal Government and the State of Montana. Check with local Tribal Government before attempting to hunt on an Indian Reservation. See "Contacts Outside FWP" for contact information.

License and Permit Possession

- Licenses and permits must be carried on your person at all times while in the field hunting.
- A person may not take more than two elk during any license year, only one of which may be antlered MCA 87-2-501 (2) (b).
- Licenses and permits must be produced if requested by FWP Enforcement personnel.

Methods & Means of Hunting

Firearms

During the General Season:

- There is no rifle or handgun caliber limitation for the taking of big game animals.
- Muzzleloaders, shotguns, archery equipment, and crossbows are legal.

Archery & Crossbow Equipment

During the Archery Only Season and in areas limited to archery equipment only (ArchEquip Only):

- It is unlawful to use any chemical or explosive device attached to an arrow to aid in the taking of wildlife.
- Lawful Archery Equipment: It is illegal to possess, while hunting big game during any Archery Only Season and in archery equipment only areas, archery equipment that does not meet the following criteria:

Hunting Bow: A hunting bow for big game shall be a longbow, flatbow, recurve bow, compound bow, or any combination of these designs.

- The bow must be a device for launching an arrow, which derives its propulsive energy solely from the bending and recovery of two limbs (includes bows with split limbs).

- The bow must be hand drawn by a single and direct uninterrupted pulling action of the shooter. The bowstring must be moved from brace height to the full draw position by the muscle power of the shooter's body. The energy used to propel the arrow shall not be derived from any other source such as hydraulic, pneumatic, mechanical, or similar devices. These limitations shall not exclude the mechanical leverage advantage provided by eccentric wheels or cams, so long as the available energy stored in the bent limbs of the bow is the sole result of a single, continuous, and direct pulling effort by the shooter.

- The bow must be hand-held. One hand shall hold the bow and the other hand draw the bowstring. The bowstring must be moved and/or held at all points in the draw cycle entirely by muscle power of the shooter until release. The bowstring must be released as a direct and conscious action of the shooter, either relaxing the tension of the fingers or triggering the release action of a hand-held release aid.

Exception: Physically disabled bowhunters certified by FWP with the Permit To Modify Archery Equipment (PTMAE) are exempted from the requirement of holding or shooting the bow with their hands.

- A bow is considered legal if it is at least 28 inches in total length.
- The nominal percent of let-off for hunting bows shall be a maximum of 80 percent. It is recognized that variations in draw length and/or draw weight can affect the percent of let-off on compound bows. For these reasons minor variations in let-off are acceptable.

Arrow: An arrow is a projectile at least 20 inches in overall length. The length of the arrow is measured from the rearward point of the nock to the tip of the broadhead.

- A broadhead is mounted on the fore end.
- The arrow shall weigh no less than 300 grains with the broadhead attached.
- Arrows must have broadheads with at least two cutting edges. Expandable broadheads are legal as long as when expanded they are at least 7/8 inches at the widest point, and weigh no less than 70 grains.

The following are not considered a hunting bow or legal archery equipment during the Archery Only Season or in an ArchEquip Only area or hunting district:

- Crossbow.
- Any device with a gun-type stock or incorporating any device or mechanism that holds the bowstring at partial or full draw without the shooter's muscle power.
- Any bow for which a portion of the bow's riser (handle) or any track, trough, channel, or other device that attaches directly to the bow's riser contacts, supports, and/or guides the arrow from a point rearward of the bow's brace height. This is not intended to restrict the use of standard overdraw systems.
- Electronic or battery-powered devices attached to a hunting bow.
- A bow sight or arrow which uses artificial light, luminous chemicals such as tritium, or electronics.

Procedures to Follow After Harvesting an Animal

License Validation and Tagging

- A hunter must cut out the proper month and day of the kill from the appropriate license and attach it to the animal before the carcass is removed from the site of the kill, or before the hunter leaves the site of the kill.
- The license must be attached to the animal in a secure and clearly visible manner.
- To properly validate a license (sometimes referred to as a tag):
 - The triangles denoting the month and day the animal was killed must be completely removed. Tearing, slicing or punching the tag is not legal.

- The properly validated license must remain with the meat (including cold storage) until consumed. If quartered, the license should remain with the largest portion of the carcass.

Evidence Required of Game Animal's Sex and Species

- It is illegal to possess or transport the carcass of any big game animal unless evidence of the animal's sex and species remains naturally attached to its carcass or a portion of the carcass.
- Evidence of an animal's sex and species must remain naturally attached until the carcass:
 - Is at the final place of storage; or
 - Is cut and wrapped in serving size; or
 - Is at a commercial meat processing facility; or
 - Is at a licensed taxidermist.
- If the head or antlers are removed, evidence of sex in the form of testicles, penis, scrotum, udder or vulva must remain naturally attached. For example, boned out or quartered animals need evidence of sex naturally attached to a portion of the meat.

Prohibited Methods of Hunting

Aerial Spotting

The use of unmanned aerial vehicles (UAV) for the purpose of locating, spotting or hunting big game, upland birds or other species under the management authority of FWP during commission-established hunting seasons is prohibited.

Aircraft may not be used to locate big game animals for the purpose of:

- Hunting those animals during the same hunting day after a person has been airborne or;
- Providing information for another person for the purpose of hunting those animals within the same hunting day after being airborne;

Artificial Light

It is illegal for anyone to take or attempt to take any game animal or game bird with the aid of projected artificial light.

2016 Deer • Elk • Antelope

Baiting

- It is illegal for anyone to hunt or attempt to hunt by the aid of or with the use of any bait, salt lick, trap, snare or set gun.
- Baiting shall mean the placing, exposing, depositing, distributing, or scattering of food sources or salt so as to constitute a lure or attraction.

Dogs

Montana law states that a person may not use dogs to hunt or chase game animals. Dogs may be utilized to recover or locate wounded big game.

Game Calls

It is illegal to use a recorded or electrically amplified game call to hunt big game.

Motion-Tracking Devices and/or Camera Devices

It is illegal for a person to possess or use in the field any electronic or camera device whose purpose is to scout the location of game animals or relay the information on a game animal's location or movement during any Commission-adopted hunting season.

Motorized Vehicles

It is illegal for anyone to:

- Hunt or attempt to hunt any game animal or game bird: from any self propelled (motorized) or drawn vehicle. Even if the vehicle is not moving, hunters must be off or out of the vehicle. Holders of Permit To Hunt From A Vehicle are the exception to this.
- Use a motorized vehicle or aircraft to concentrate, drive, rally, stir-up, corral, or harass game animals.
- Operate, on public lands, a motorized wheeled vehicle off legal routes (including game retrieval). Contact the appropriate land management agencies for travel plan information.

Night Vision Equipment

It is illegal to use night vision equipment or electronically enhanced light gathering optics for locating or hunting game.

Public Roadways

It is illegal for anyone to hunt or attempt to hunt any game animal or game bird: on, from, or across any public highway or the shoulder, berm, barrow pit or right-of-way of any public highway (the entire width between the boundary lines of every publicly maintained way when any part thereof is open to the use of the public for purposes of vehicular travel, in the State of Montana, as per Montana law).

Two-way Communication

Two-way electronic communication (radios, cell phones, text messages, etc.) may not be used to:

- hunt game animals or upland game birds, migratory birds or furbearers as defined in Montana law ("Hunt" means to "pursue, shoot, wound, kill, chase, lure, possess or capture"), or
- avoid game checking stations or FWP enforcement personnel, or to facilitate illegal activity.

The rule does not prohibit the possession or use of two-way communication for safety or other legitimate purposes.

Waste of Game

- Hunters, or persons in possession of a game animal or game animal parts, are prohibited from wasting or rendering unfit for human consumption, any part of a game animal that is defined as "suitable for food".
- For big game animals (excluding mountain lions) all of the four quarters above the hock, including loin and backstrap are considered suitable for food.

Weapons Restriction Areas

Weapons restrictions are in effect in some hunting districts. Such restrictions are stated in the license/permit description and/or with a specific date range.

The following equipment restrictions apply to Weapons Restriction Areas:

Archery

See legal archery equipment in the "Methods and Means of Hunting" section.

Crossbows

Legal in weapons restriction areas unless exception noted in specific hunting district regulations.

Muzzleloader

- must not be capable of being loaded from the breech of the barrel;
- may not be loaded with any pre-prepared paper or metallic cartridges;
- must be charged with black powder, pyrodex, or an equivalent;
- must be ignited by a percussion, flintlock, matchlock, or wheellock mechanism;
- must be a minimum of .45 caliber;
- may have no more than two barrels; and
- must only use plain lead projectiles.
- Sabots or other similar power and range-enhancing manufactured loads that enclose the projectile from the rifling or bore of the firearm are prohibited. "Skirts" or gas checks on the base of a projectile are acceptable.

Traditional Handguns

- are not capable of being shoulder mounted;
- have a barrel length of less than 10 ½ inches;
- chamber only a straight wall cartridge, not originally developed for rifles.

Shotgun

Must be shouldered, breech-loaded or muzzle-loaded firearm with a smooth bore and/or rifled barrel and/or rifled choke device designed to fire shot or slugs.

Deer Drawing Statistics

The statistics on this page are from the 2015 Drawings. The final license/permit quotas may differ from the quotas reflected in the 2016 printed regulations. The quotas listed in the printed regulations are the "proposed" quotas as adopted at the February Fish & Wildlife Commission meeting. The F&W Commission final-adopted quotas in July are based on winter and spring survey efforts and are the final quotas used to complete the actual drawing. These statistics reflect combined resident and nonresident first choice districts. These statistics do not reflect the use of bonus points, landowner preference, or the nonresident limit of no more than 10% of the quota of licenses. For more detailed statistics on resident/nonresident numbers, landowner drawing statistics, 2nd and 3rd choice numbers and district-specific bonus point information, visit our website at <http://fwp.mt.gov/hunting/planahunt/default.html>.

Hunters are advised to carefully review the 2016 regulations prior to applying for licenses. Do not rely solely on the LPT codes used in the past. All either-sex permits now end with a number between 20 – 29 while antlerless licenses/permits end between 00 – 09. Brow-tined bull permits end between 45 – 49 while brow-tined bull/antlerless permits and licenses end between 10 – 15. Antlered buck and bull permits end between 50 – 59. For all licenses, the first three digits may identify a Hunting District in which the license is valid but this is not always the case.

Key:

LPT = License/Permit Type. The first three digits most often represent the hunting district number.

Apps = Total number of resident and nonresident 1st-choice applicants.

Suc = Total number of resident and nonresident 1st-choice applicants that were successful.

% Suc = Percentage of resident and nonresident 1st-choice applicants that were successful.

Elk Drawing Statistics

The statistics on this page are from the 2015 Drawings. The final license/permit quotas may differ from the quotas reflected in the 2016 printed regulations. The quotas listed in the printed regulations are the "proposed" quotas as adopted at the February F&W Commission meeting. The F&W Commission final-adopted quotas in July are based on winter and spring survey efforts and are the final quotas used to complete the actual drawing. These statistics reflect combined resident and nonresident first choice districts. These statistics do not reflect the use of bonus points, landowner preference, or the nonresident limit of up to 10% of the quota. For more detailed statistics on resident/nonresident numbers, landowner drawing statistics, 2nd and 3rd choice numbers and district-specific bonus point information, visit our website at <http://fwp.mt.gov/hunting/planahunt/default.html>.

Hunters are advised to carefully review the 2016 regulations prior to applying for licenses. Do not rely solely on the LPT codes used in the past. All either sex permits now end with a number between 20 – 29 while antlerless licenses/permits end between 00 – 09. Brow-tined bull permits end between 45 – 49 while brow-tined bull/antlerless permits and licenses end between 10 – 15. Antlered buck and bull permits end between 50 – 59. For all licenses, the first three digits may identify a Hunting District in which the license is valid but this is not always the case.

Key:

LPT = License/Permit Type. The first three digits most often represent the hunting district number.

Apps = Total number of resident and nonresident 1st-choice applicants.

Suc = Total number of resident and nonresident 1st-choice applicants that were successful.

% Suc = Percentage of resident and nonresident 1st-choice applicants that were successful.

Obtain A License Or Permit

- Only one license or permit of any type may be purchased each year, unless otherwise specified and allowed in the regulations, such as a hunter may purchase more than one deer B license.
- Many licenses or permits may be purchased from license providers or online licensing. Some licenses and permits are available only through a drawing.
- Refer to the Licenses Available Chart for a complete list of resident and nonresident licenses and application or purchase deadlines.

Online Licensing

- You may apply for permits and/or licenses and purchase many general hunting licenses from FWP Online Licensing between approximately 5:15 a.m. and 11:45 p.m., MST, 7 days a week within applicable sales dates.
- Go to <https://app.mt.gov/als/index/index.html> and follow the instructions.
- Online purchases must be made by using a MasterCard, Visa, American Express or debit card.
- Montana residents must have purchased a conservation license through the automated licensing system (ALS) in a previous license year and have an ALS number to buy licenses online.
- Don't wait until the last minute to buy your hunting license online as carcass tags are mailed to you within 10 days of your purchase.
- All online license purchases and applications are final and cannot be changed or withdrawn.

Interstate Wildlife Violator Compact (IWVC)

Montana is a member of the IWVC. Under the compact, member states recognize suspensions of hunting, fishing or trapping privileges. It is illegal for a violator whose privilege to hunt, fish or trap is suspended to obtain or attempt to obtain a license, tag or permit in a member state. For more information, call 406-444-2452.

Residency

- It is illegal to swear to or to affirm a false statement in order to obtain an original or duplicate resident hunting and/or fishing license OR to assist an unqualified applicant in obtaining a resident license.

Resident

- To be a legal Montana resident and eligible to purchase any Montana resident fishing, hunting, and trapping licenses, as per MCA 87-2-102, you must:
 - have been physically living in Montana for at least 180 consecutive days immediately prior to purchasing a resident license;
 - register your vehicle(s) in Montana;
 - be registered to vote in Montana if you're registered to vote at all;
 - not possess (or have applied for any) current resident hunting, fishing, or trapping privileges in another state or country;
 - file Montana state income tax returns as a resident, if you are required to file.
 - Once you have established your residency, you

must continue to meet all these requirements and physically reside in Montana as your principal or primary place of abode for not less than 120 days per year (days need not be consecutive).

- A person is NOT considered a resident for the purposes of this section if the person:
 - claims residence in any other state or country for any purpose; or
 - is an absentee property owner paying property tax on property in Montana.
- To purchase an annual resident conservation license you will be required to show a valid Montana Driver's License (MDL), a valid Montana Identification Card (MIC) or a valid Tribal Identification Card.
- If your MDL or MIC was issued less than six months ago, you may be required to show additional proof of residency. An out-of-state driver's license is NOT an acceptable form of ID for resident license purchases. Contact your local FWP office for specifics.

Nonresident

- Montana's nonresident guests are eligible to purchase or apply for most Montana fishing, hunting, and trapping licenses. By state law, nonresidents are limited to, but not guaranteed, 10 percent of the license and/or permit quota for a district. The Licenses Available Chart provides details.
- Nonresident unmarried minors, at least 12 (by Jan 16, 2017) but not older than 17 years of age, can hunt in Montana as a resident if the minor's parents, legal guardian, or parent with joint custody, sole custody, or visitation rights is a legal resident of Montana. See "Youth Hunter" chart for details.

Armed Forces

- A member of the regular armed forces of the United States, a member's dependent who resides in the member's Montana household, or a member of the armed forces of a foreign government attached to the regular armed forces of the United States is considered a resident for Montana hunting, fishing and trapping licenses if:
 - the member was a resident of Montana under the provisions listed under residency at the time the member entered the armed forces and continues to meet these residency criteria; or,
 - the member is currently stationed in and assigned to active duty in Montana, has resided in Montana for at least 30 days, and presents official assignment orders and a certificate verifying successful completion of an approved hunter safety course from any state or province.

Prerequisites

Base Hunting License

This is an annual fee and will be charged at the time the hunter purchases or applies for his/her first hunting license (including upland and migratory bird).

Conservation License

- Each new license year, a new Conservation License is required to purchase any fishing, trapping or hunting license(s), or to apply for licenses/permits. Most licenses can be

purchased from any FWP License Provider beginning in February. The Montana license year begins on March 1 and runs through the last day of February.

- In compliance with the Federal Welfare Reform Laws, Montana law requires each resident and nonresident hunter, including youth, to provide the last four digits of his/her Social Security number when purchasing a Conservation License or obtaining a Conservation License through a drawing.

Game Damage Hunt Roster Rules

- The game damage hunt roster is a randomized list of hunters' names. If FWP identifies a need to implement a game damage hunt, the game damage hunt roster will be used to select hunters. Selected hunters will be contacted by FWP.
- Sign up for the game damage hunt roster is from June 15–July 15, 2016, and only on the FWP website.

12-hour Closure

- In Administrative Region 4, elk HD 424 and HD 442 may be subject to a 12-hour closure for the antlerless portion of the general brow-tined bull or antlerless elk season,
- If the elk quota is reached, the general season will revert to only the brow-tined bull regulation until the end of the general season.
- Contact Region 4 Headquarters or the Augusta Check Station for updates (406-562-3467).

Hunter Education

Hunter Education Requirements

If you were born after January 1, 1985, you are required to show proof of completing a Montana hunter safety and education course or an approved hunter safety course from any other state or province prior to applying for or purchasing a hunting license, whether the hunting license is for the rifle or archery season.

Bowhunter Education Requirements

To purchase a Montana bow and arrow license, a hunter must:

- provide a certificate of completing the National Bowhunter Education Foundation course, or
- provide any prior year's bowhunting/archery stamp, tag, permit, or license from any state or province. If you can no longer produce this license, for a \$5 fee you may sign an affidavit stating that you previously held such a license. The affidavit is available at all FWP License Providers. The affidavit entitles you to purchase a current year's Montana bow and arrow license.

Duplicate Certificates

Bowhunter or Hunter Education certificates of completion for the Montana hunter education and/or bowhunter education courses may be obtained from FWP's website at:

<http://fwp.mt.gov/education/hunter>.

License and Permit Types

Bow and Arrow License

A bow and arrow license, plus the proper hunting license is required during: (1) the deer, elk and/or antelope Archery Only Season; or (2) to archery hunt in an Arch-Equip only area or hunting district.

Conservation License

Prerequisite for all resident and nonresident licenses. It includes the state lands recreation license which is required for hunting, fishing and trapping purposes on State School Trust Lands.

Deer License

General Deer License

- The general deer license is Montana's license valid for one deer. Hunters may hold only one general deer license. It can be used for deer as indicated under the "General Deer License" heading on the deer and elk hunting district pages of these regulations.
- Residents may purchase only one deer and/or one elk general license each year. Licenses may be purchased from license providers or online licensing beginning mid February. Each license year, a new Conservation License is required in order to purchase any fishing, trapping or hunting license(s), or to apply for any license or permit.
- Resident hunters may purchase a general Deer license over the counter at FWP offices and other license providers. Residents may also buy a sportsman's license, which includes a general deer license. Some disabled, youth, and senior hunters may qualify for discounted licenses.
- Nonresidents cannot buy their general deer license over the counter. They must obtain what's known as a "deer combination" license, which includes a general deer license as well as several other licenses. Montana makes 4,600 general drawing and 2,000 landowner sponsored licenses available each year. Demand is greater than supply, so to get a deer combination license, you need to apply in a random lottery drawing by March 15 for either a:
 - Big game (deer and elk) combination license, which is also good for fishing and upland bird hunting, or a
 - Deer combination license, which is also good for fishing and upland bird hunting.
 - You can apply for only one of these licenses each year.

Deer B License

- Valid for one deer during a specific time period, or for a certain species and sex, and in a particular hunting district or group of districts. May be offered through a drawing or over-the-counter.
- A deer B license is usually a license for antlerless mule deer or white-tailed deer, depending on the license type and hunting district.
- The deer B license allows you to kill a deer in addition to the deer you could harvest with your general deer license.
- There is no particular order in which the general deer and deer B licenses must be purchased or used.

- Most deer B licenses are available through the **June 1** drawing but some are available for purchase at License Providers, including FWP Online Licensing.
- A hunter may possess a total of seven deer B licenses in any combination.

Single-Region Deer B Licenses for White-tailed Deer

- A hunter may purchase only one single-region deer B license for white-tailed deer per year.
- The single-region deer B license for white-tailed deer is in addition to other deer B licenses a person may obtain through a drawing or purchase at License Providers. You must designate the region in which you will use the single-region deer B license for white-tailed deer at the time of purchase. Check the hunting district in which you will hunt for specific regulations and valid dates for the single-region license.
- Licenses are available beginning August 8 from License Providers, including FWP Online Licensing.
- Check the hunting district in which you will hunt for specific regulations and valid dates for the single-region license.
- The following Single-Region White-tailed Deer B License opportunities for residents and/or nonresidents are offered for the 2016 hunting season.

Deer Permit

- Permits are valid for hunting the specified sex-age class during the time period(s) listed.
- Hunters who receive a deer permit must use it with a current general deer license. A deer permit does not allow you to take a second deer.
- Hunters who receive a deer permit valid for taking an antlered buck mule deer (with their general deer license) are restricted to taking an antlered buck mule deer only in the district or portion of district specified on the permit. They may not hunt antlered buck mule deer anywhere else in Montana even if the General Season or Archery Only Season is open to mule deer buck hunting

with a general deer license. This applies to all deer permit areas, whether limited or unlimited, for antlered buck mule deer.

- Deer permits are available through the March 15 drawing to Residents and Nonresidents. Be sure to check individual hunting district regulations for specific deer permit details. By state law, nonresidents are limited to, but not guaranteed, 10 percent of the license/permit quota.
- Residents must hold a general deer license before applying for a deer permit.
- Nonresidents must hold a Big Game Elk/Deer or Deer Combination License before applying for a deer permit.

Elk License

General Elk License

A general elk license is the basic license for hunting elk. Montana's general elk-hunting license is valid for one elk. Hunters may hold only one General Elk License. It can be used only according to the specific regulations of the hunting district in which you hunt.

Resident hunters may purchase this license over the counter at FWP offices and other license vendors for \$20 plus the required conservation license (\$8) and base hunter license (\$10). Residents may also buy a sportsman's license (prices vary), which includes a General Elk License. Some disabled, youth, and senior hunters may qualify for discounted licenses.

- Nonresidents cannot buy their general elk license over the counter. They must obtain what's known as an "elk combination" license, which includes a general elk license as well as several other licenses. Montana makes 17,000 of these General Drawing licenses available each year. Demand is greater than supply, so to get a combination license, you need to apply in a random lottery drawing by March 15 for either a:
 - Big game (deer and elk) combination license, which is also good for fishing and upland bird hunting, or a
 - Elk combination license, which is also good for fishing and upland bird hunting.
 - You can apply for only one of these licenses each year.

Elk B License

- The elk B license is valid for taking an antlerless elk during a specific time period and in a particular hunting district or group of districts.
- The elk B licenses are designed to control elk numbers and many are only valid on private land.
- A limited elk B license is obtained only through the drawing and has an application deadline date of June 1.
- Unlimited elk B licenses have no limit on the number of licenses sold and are available from License Providers, including FWP Online Licensing. See individual hunting districts for details.
- The only prerequisite for the elk B license is a conservation license and base hunting license.

Each hunter may possess only one elk B license per license year in addition to a General Elk License.

- Elk B license hunting opportunities may be restricted to portions of individual hunting districts. See individual hunting districts for specific details.
- **In the districts 100, 101, 103, 104, 109, 110, 120, 121, 122, 123, 124, 130, 132 and 140 the following restriction applies: Hunters who receive a B license to hunt antlerless elk during all or any portion of the General Archery and/or Firearm Seasons may not take an antlered elk in the district for which the B license is valid. This restriction applies for the entire season even if the B license is valid for only a portion of the season.**

Elk Permit

- Elk permits are allotted by drawing only. The application deadline is March 15. Residents must hold a general elk license before applying for an elk permit. Nonresidents must hold a Big Game Elk/Deer or Big Game Elk Combination license before applying for an elk permit. Check individual hunting district for specific details. By state law, nonresidents are limited to, but not guaranteed, 10 percent of the license/permit quota.
- Elk permits must be used with a general license. They do not allow a hunter to harvest an additional elk. A permit allows you to hunt in a restricted area or time period where harvest restrictions exist for General Elk License holders.
- Elk permits may be for antlered or antlerless elk. In most instances, holding an antlerless elk permit prohibits harvesting an antlered elk in the same hunting district. Permit holders are not restricted to hunting elk in another hunting district, provided they still hold a valid General Elk License.
- Learn about the hunting district you wish to hunt before applying for a permit. For instance, do not apply for a backcountry area if you aren't willing and prepared to backpack in. And do not apply in hunting districts that are mostly private land if you aren't certain you can get permission.
- In all or a portion of many hunting districts, a hunter is required to have successfully drawn a special permit before hunting a bull elk, brown-tined bull elk, or antlerless elk in all or a portion of the hunting seasons. See individual hunting districts for specific regulations.
- The following limited and unlimited Bull Elk Permit opportunities are offered for the 2016 hunting season.

Replacements

Replacements of lost, stolen or destroyed licenses or permits may be purchased at FWP offices and FWP License Providers. A second duplicate license for the same species within a two-year period may only be purchased at an FWP office. A person may not replace a license requiring a carcass tag a third time for the same species within a two-year period. A fee of \$5 per license will be charged for each duplicate license.

It is unlawful to:

- Swear or affirm to a false statement in order to obtain a duplicate.
- Possess an original as well as a duplicate license(s). If the original is found, it must be returned to FWP at any regional office.
- Allow a license of any type to be used by another person.

SuperTag Lottery

Open to residents and nonresidents.

Species	Deadline to Purchase SuperTag Chances (\$5 each)
Antelope	June 30
Bighorn Sheep	
Bison	
Deer	
Elk	
Moose	
Mountain Goat	
Mountain Lion	

- Resident and nonresident hunters can buy an unlimited number of \$5 chances to win a Montana hunting license for antelope, bighorn sheep, bison, deer, elk, moose, mountain goat and mountain lion.
- An individual may be successful in winning one or a combination of these SuperTags per year.
- Each SuperTag license allows one to hunt in any Montana hunting district valid for that species.
- Moose, bighorn sheep and mountain goat 7-year waiting period does not apply to SuperTags.
- Chances are sold electronically at all FWP License Providers or via the online licensing at <http://fwp.mt.gov>.
- Proceeds from the sale of SuperTag chances will enhance public hunting access and boost FWP enforcement efforts.
- For more information visit FWP's website at <http://fwp.mt.gov>.

Availability of Licenses & Permits

Purchase your fishing license, hunting licenses(s) and apply for drawings online

<https://app.mt.gov/als/index/index.html>

Deadlines and Cost

- A complete list of licenses, cost and deadlines for drawing applications is available on pages 114-115 in the Licenses & Permits Availability Chart.
- Applications, as well as some general licenses, and many licenses and permits awarded through a drawing, have a purchase or application deadline.
- Applications are available at FWP License Providers or may be downloaded from the FWP website. Nonresidents may call 406-444-2950 to request an application through the mail.
- You may have your application entered directly into the system at an FWP office or you may mail in your application. If the application is mailed, it must be postmarked no later than the deadline date. The postmark must be an official U.S. Postal Service mark. A postage meter postmark will not be accepted.
- FWP encourages hunters to apply online for permits/licenses awarded through a drawing as safeguards will not accept incomplete applications. Also, your information is retained for future purchases or license applications.

2016 Deer • Elk • Antelope

Drawing Applications

- Drawing applications are available from FWP's website at <http://fwp.mt.gov> and from License Providers.
- Applications for deer and elk permits must be postmarked by the U.S. Postal Service on or before **March 15**. Applications for deer B, elk B, antelope and/or antelope B licenses must be postmarked by the U.S. Postal Service on or before **June 1**. Hunters may apply online no later than **March 15** for deer and elk permits or **June 1** for deer B, elk B, antelope and antelope B licenses.
- Both resident and nonresident hunters are eligible to apply for most of the licenses awarded through the drawings. By state law, nonresidents are limited to, but not guaranteed, 10 percent of the license and/or permit quota.
- Drawings are based upon the final quotas adopted by the F&W Commission which may differ from the quotas listed in the printed hunting district regulations.
- For specific license/permit opportunities please refer to the hunting district regulations where you will find a complete list of all available hunting opportunities for each hunting district.

Party Applications

- Applicants may apply as a "party." If you apply as a party, each party member must list the identical license/permit choices in the identical order on his/her application. If one or more party member does not pay the bonus point fee, but the other members pay the fee, those who have not paid the fee will be taken out of the party. It is unlawful to loan or transfer a license to another or to use a license issued to another.
- Either everyone in the party is successful in obtaining a license or everyone is unsuccessful. A party of individuals is assigned one random number in the computer. If that number is drawn, each member of the party receives a permit/license.
- The success rate for applying as a party versus as an individual is about the same. However, if a resident applies with a nonresident in a party, the whole party is considered "nonresident" because of the 10 percent quota limit on nonresident licenses and/or permits.
- The maximum number of applicants in a party is 5 members.

Licenses and Permits Through A Drawing

- You may apply for a permit and/or license that allows you to hunt in an otherwise restricted area or time period. You may also decide to participate in the bonus point system.
- Residents must hold a general deer license before applying for a deer permit.
- Residents must hold a general elk license before applying for an elk permit.
- Nonresidents must hold a Big Game Elk/Deer or Deer Combination License before applying for a deer permit.
- Nonresidents must hold a Big Game Elk/Deer or Big Game Elk Combination License before applying for an elk permit.
- Nonresident holders of a Landowner-Sponsored Deer Combination License are reminded that

the license (including deer B licenses) entitles them to hunt deer only on the deeded lands of the sponsoring landowner. This license may not be used on leased or public land. However, the license is valid statewide for fishing and hunting upland game birds.

- Nonresident holders of a Landowner-Sponsored Deer Combination License may apply for a deer permit or deer B license only in the hunting district where they are authorized to hunt deer.

Bonus & Preference Point System

Bonus Points can increase your chances to draw a license or permit.

- Bonus points essentially offer you additional drawing chances and are used for first choice drawings only.
- Existing bonus points will be mathematically "squared" prior to the drawing. That means if you already have 3 "base" bonus points those will be "squared" and you'll then have 9 bonus points going into the drawing.
- If you wish to participate in the Bonus Point program (to use or gain points), make sure to check "YES" on the Bonus Point question and include the \$20 (nonresident) or \$2 (resident) Bonus Point fee for each license/permit drawing applied for.
- If you're unsuccessful, you'll be awarded an additional base bonus point for next year's drawing.
- An applicant may skip two consecutive years of participation without forfeiting accumulated points, but if an applicant misses the third year, all accumulated points for that license/permit type are lost.
- Bonus points are nontransferable; they cannot be transferred between the species drawings or individuals.
- The base bonus points for a party are the average of their individual base bonus points added together and rounded to the nearest whole number.

Landowner Preference

- Montana landowners (resident and nonresident) may qualify for preference in the license/permit drawings for deer, elk, and antelope.
- In order to claim landowner preference for deer B, deer permit, and/or antelope drawings, a landowner must own or be contracting to purchase at least 160 acres of land within the hunting district applied for. If the license/permit is only valid for a portion of the hunting district, the landowner must own land within that portion and the land must be used primarily for agricultural purposes.
- In order to claim landowner preference for the elk B license and/or elk permit drawings, a landowner must own or be contracting to purchase at least 640 contiguous acres of land within a district regularly used by elk for one or more seasonal activities. If the license/permit is only valid for a portion of the hunting district, a landowner must own land within that portion to claim preference.
- A landowner may designate his/her preference to a member of his/her immediate family (blood

Visit <http://fwp.mt.gov>

or marriage related) or a ranch manager (paid employee who has state, federal, or FICA taxes withheld from pay). Only one person may use designated preference in a partnership or corporation.

- Nonresidents owning land in Montana should contact FWP Headquarters in Helena at 406-444-2950 for details on how to apply for landowner preference. See the Licenses Available Chart for prerequisite license requirements and deadlines to apply.

Fees and Refunds

- In addition to the cost of each permit or license, there is a \$5 nonrefundable application fee for each license or permit you apply for.
- In some situations, FWP may refund resident or nonresident (in full or in part) fees for licenses and/or drawings.
- The appropriate documentation (death certificate, medical statement, etc.) must accompany the unused license(s) and a signed request form certifying the license(s) has not been used. Nonresident license holders should call 406-444-2950 for information.
- Situations include:

Reason	Deadline	Refund
Death of licensee	12/31/16	100%
Death of family member	12/31/16	90%
Medical emergency	12/31/16	90%

Call Licensing at 406-444-2950

- If you do not receive your license or refund within 2-3 weeks of time from refund dates. Note: the license fee is refunded if an applicant is unsuccessful in the drawings, unless there is a valid obligation owed to the State of Montana or if the refund is less than \$5.
- For information on drawings for big game hunting.
- For surplus licenses (any left over licenses or permits from the drawings) information and applications (available by early August).

License Discount Opportunities

- Montana resident members of the Montana National Guard, Federal Reserve or Active Duty, who participated after September 11, 2001 in a contingency operation outside the state for two months and have been released from active duty or discharged, are entitled to a free conservation license OR a sportsman without bear license for a fee of \$10. These licenses will be issued only at FWP offices. DD 214 and supporting documentation is required.
 - To take advantage of this opportunity you must obtain the license in the year you returned from military service, or in the following year.
- A veteran with certain combat connected injuries may be entitled to half-priced licenses for deer and antelope. Up to 50 licenses will be issued annually. Contact FWP License Bureau Chief for details at 406-444-2663.
- Nonresidents who hold a current upland game bird license, big game combination, elk combination or deer combination license may purchase a nonresident turkey license for \$57.50.
- Nonresident Youth Big Game Combination Licenses will be sold for \$505.50 beginning March 1 to nonresident youth who have an adult immediate family member sponsor (applicant's natural or adoptive parent, grandparent, brother or sister who is 18 years of age or older) who possesses a current resident deer or elk license or a nonresident big game, elk combination or nonresident deer combination license. The youth must be accompanied by the sponsor while hunting. Applications are available from FWP's website at <http://fwp.mt.gov> and will be processed at any FWP office. For further details and an application, contact Licensing at 406-444-2950.
- Nonresident children of residents may be entitled to reduced rate licenses for up to six years from the date they received their diploma or GED. To qualify the child must have: 1) been born and raised in Montana; 2) attended and completed high school or attained a GED in Montana; and 3) the parent(s) still reside in Montana. Licenses will be issued at FWP offices with verification of Birth Certificate, Montana high school diploma or GED, and proof that natural or adoptive parent is still a current Montana resident. Any nonresident youth hunting with this license must be accompanied by a licensed resident family member while hunting in the field.
- Nonresident students enrolled as a full-time student (12 or more credits) in a postsecondary educational institution in Montana or Nonresident full time students in another state who graduated from a MT High School and their parent is a MT resident are now eligible for discounted hunting licenses. The nonresident college student big game combination license will cost \$505.50 and includes Conservation, base hunting license, fishing, upland bird, deer and elk.
 - Application for the nonresident college student big game combination license may be made after the second Monday in September at any FWP Regional office or Department Headquarters in Helena. To qualify, the applicant shall present a valid student identification card and copy of

paid tuition as current full-time enrollment at a post secondary education institution in Montana. Payment of the \$15 Base Hunting License fee is also required. Proof of completing a hunter education course is also needed.

How to use these Regulations

1. Identify the species you want to hunt.
2. Identify the district where you want to hunt (deer and elk map on pages 21-29, antelope map on pages 89-93).
3. Find that hunting district (deer and elk district regulations on pages 32-72, antelope district regulations on pages 95-101).
4. Read the regulations for the selected district to determine what species, when and where (if there are any restrictions within the hunting district) you may hunt in that district.
5. Check the legal description and any Restricted Area Descriptions (pages 16-17) for the district. It is your responsibility to know that you are in a legal hunting area.

Hunters with a Disability

- Certification for “special considerations” are lifetime certifications and do not need to be renewed annually.
- For applications, detailed eligibility requirements, and information on licenses and permits for hunters with disabilities contact any FWP office. See addresses and phone numbers on page 113.

Resident With a Disability Conservation License

- Residents certified as permanently and substantially disabled, as defined by FWP rules, who purchase a conservation license, may purchase a fishing license for half price. If they also purchase a base hunting license for \$10, they may then purchase general deer, general elk and/or upland game bird (excluding turkey) licenses for half price. Applications for a Resident With a Disability Conservation License are available at all FWP offices and FWP website.
- The certification is valid for the life of the holder or until changed by the Montana Legislature.

Permit To Hunt From a Vehicle (PTHFV)

- Residents and nonresidents certified as permanently and substantially nonambulatory, as defined by State Law, may apply for a PTHFV.
 - Specific PTHFV field regulations apply. Noncompliance may result in loss of this privilege.

Permit To Modify Archery Equipment (PTMAE)

- Residents and nonresidents certified as permanently and substantially disabled, as defined by FWP rules, may apply for a PTMAE. The PTMAE allows a person with a disability to use archery tackle that supports the bow, and draws, holds, and releases the string to accommodate the individual disability.
- Arrows are not exempt, and must meet requirements for the Archery Only Season.
- This permit does not entitle the holder to use a crossbow during the Archery Only Season.
- The permit only allows modification of legal archery tackle and must be used with a valid bow and arrow license and appropriate hunting license.

Certain Combat Disabled Veterans

- A veteran with certain combat-connected injuries may be entitled to half-priced licenses for deer and antelope. Up to 50 licenses will be issued annually. Contact FWP License Bureau for details at 406-444-2663.

B Licenses and/or Permits for Hunters with a Disability

- Applicants must apply on FWP-provided forms available at FWP offices or FWP website. For more information contact FWP at 406-444-2950.
- **Deer:**
 - Deer permit 630-20 (HD 630).
 - Applicants must be a Resident, hold a Disability Conservation License and apply on or before March 15.
- **Elk:**
 - Elk B license 121-01 (HD 121).
 - Applicants must have a Permit to Hunt From a Vehicle, valid conservation and apply on or before June 1.
- **Antelope:**
 - Individuals who are permanently, physically disabled and nonambulatory as defined in ARM 12.3.106, may apply for an antelope license. A total of 25 antelope licenses are issued through the June 1 drawing. These licenses are offered in those antelope hunting districts which have a total quota of 50 or more antelope licenses. Applicants must apply on FWP-provided forms available at all FWP offices. Applications must be postmarked on or before June 1.

General Information

Block Management

The Block Management Program is a public hunting access program in which FWP enters into contractual agreements with private landowners (and sometimes public land management agencies) about how free public hunting access will be permitted and managed on enrolled lands. Through the contractual agreement, private landowners agree to allow public hunting on enrolled lands under specified conditions, and FWP agrees to assist the landowner by enforcing the ranch rules adopted through the Block Management contract. Each FWP region annually publishes a regional Hunting Access Guide by August 15th that lists the Block Management Areas (BMAs) enrolled for that year and explains how to gain access to them. For general information about the program, contact FWP at 406-444-2612.

Common Sense Precautions When Field-Dressing Big Game

- To minimize risk of disease or parasite transmission to humans, follow these proper ways to handle wild meat:
 - Wear rubber (latex) gloves when field dressing game.
 - Minimize contact with animal fluids, brain and spinal tissues.
 - Wash hands and instruments thoroughly after field dressing or processing.
- Cook all meat until well done before consuming.
- To minimize risk of disease or parasite transmission to your domestic dog, prevent consumption of big game viscera.

Donate Hunting License to Disabled Military Service Member or Veteran

Residents and nonresidents can donate their Montana hunting license to a disabled military veteran or disabled active duty service member who is working with an organization that uses hunting as part of the rehabilitation process. The disabled person who receives the license will be a Purple Heart recipient and have a 70 percent or greater disability rating. Visit the website for more information:

<http://fwp.mt.gov/hunting/licenses/buyApply/donateLicense.html>

Harvest Survey

Montana FWP conducts an annual telephone survey to gather hunting and harvest information from Montana hunters. Telephone interviewers call mid-week evenings and weekends to speak to hunters one-on-one to get the most accurate information possible. Wildlife managers use the results to evaluate hunting seasons and set quotas, season dates and other regulations.

Hunters Against Hunger

When you purchase a Montana hunting license you'll have an opportunity to make a donation of \$1 or more to Hunters Against Hunger. Contributions help pay for butchering and distribution of processed game donated to food banks.

Marked or Radio-Collared Animals

It is legal to shoot big game animals that have radio collars, neck bands, ear tags and/or other markers, however, markers and radio collars must be returned to FWP. Please report the killing of a marked animal to the local FWP Office.

Tapeworm: Protect your Pets

Domestic dogs can pick up a parasite (*Echinococcus granulosus*) by eating carcasses or organs from infected deer, elk or moose. The domestic dog can then pass it to humans in its feces. If your dog does have access to carcasses, talk to your veterinarian about an appropriate deworming strategy.

Weed Control and Weed-Free Hay

Montana requires use of certified weed-free hay, grain, straw, mulch, cubes, and pelletized feed on state and federal lands. For further information, contact the Department of Agriculture at 406-444-3144.

Together, we can stop poachers.

It's time to say Enough is Enough!

Year-round and statewide, poachers are taking Montana's biggest and best game animals. Poaching is illegal. And it robs law-abiding hunters of hunting opportunities.

FWP game wardens have broken major poaching rings recently. TIP-MONT callers have increased the effectiveness of our warden's ability to protect Montana's resources. With your help, we can reduce poaching.
